Then, click on your desired movie to go into its page, where you can find its total rating, trailer, short synopsis, and all user reviews.

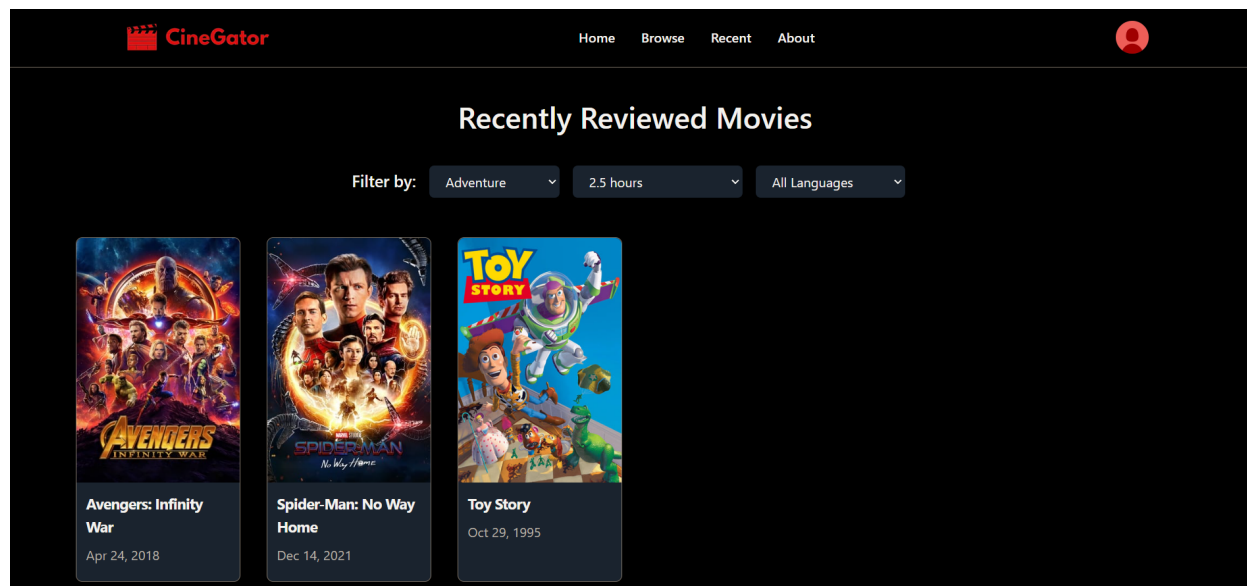

## Browsing recently reviewed movies

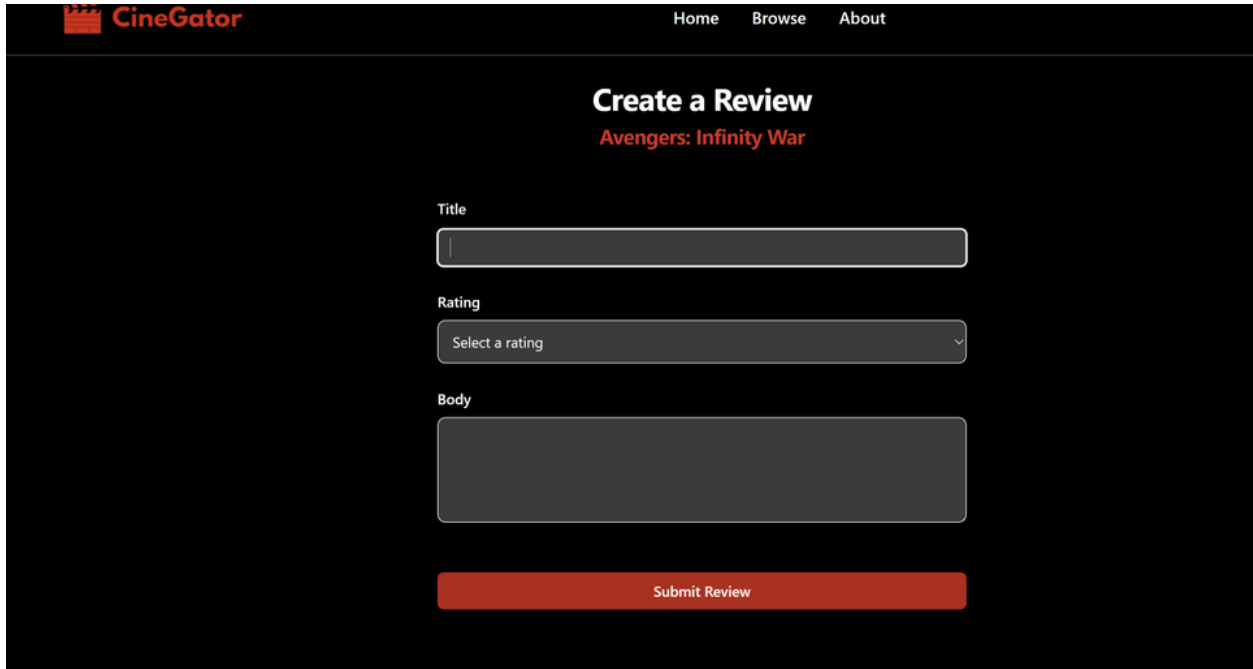

The Recent tab will take you to a page that displays some of the most recently reviewed movies. Similar to the Browse page, you are able to click on these movies to view more information and write your own review. This provides a great opportunity to keep up-to-date with movies that others are watching and reviewing.

In addition to viewing the recently reviewed movies, you can also use the convenient filters to only display movies that meet certain criteria, including a specific genre, maximum runtime, and language. CineGator makes it easy to find exactly what you are looking for.

## Writing a review

The screenshot shows the 'Create a Review' page on the CineGator website. The page has a dark background. At the top, there is a navigation bar with the CineGator logo and links for 'Home', 'Browse', and 'About'. Below the navigation bar, the title 'Create a Review' is displayed in white, followed by the movie title 'Avengers: Infinity War' in orange. The form consists of three main sections: 'Title' with a text input field, 'Rating' with a dropdown menu showing 'Select a rating', and 'Body' with a large text area. At the bottom of the form is a red 'Submit Review' button.

Before attempting to write your review, make sure you are logged in to your created account.

Then, add a title to your review, your rating from 1 to 5 stars, and the body of your review. Once you are done, click on "Submit Review". You will then be redirected back to the movie's page and can see your review!
